COMMUNITY DEVELOPMENT

ORGANIZATIONAL PURPOSE:

The Department of Community Development serves as the County's staff manager for the historical and physical environment, including natural resources and the built landscape. With the Planning Commission, the Department assists the Board of Supervisors in communicating its vision and policies through the development and implementation of the necessary and supporting planning guidelines, land use incentives, and regulatory tools. Community Development consists of four divisions: Administrative, Planning, Zoning and Development Services, and Building.

COMMUNITY DEVELOPMENT

GOALS:

- Provide professional, quality, and timely service to all user groups.
- Recruit, maintain, and train a quality, professional staff to perform all duties in a professional and timely manner.
- Implement procedures to respond to future increases in the demand for services without major diminution in quality or timeliness of responses.
- Update the Comprehensive Plan on a scheduled basis to ensure it reflects the Board of Supervisors' and community goals.
- Develop and implement Town Planning Principles to focus on quality development within the County's service districts.
- Ensure the Zoning Ordinance, Subdivision Ordinance, and Design Standards Manual comply with State and Federal regulations as well as the Comprehensive Plan.
- Maintain and regularly evaluate the Proffer Policy on recommended cash contributions to mitigate the impact of new residential development on core public facilities.
- Maintain the County's transportation plan with a full understanding of current and projected transportation needs.
- Ensure the land development application and building permitting processes for business development are flexible, proactive, user-friendly, and reflect Board of Supervisors' priorities, as well as appropriate public agency/private sector partnerships and recommendations.
- Develop and implement historic and environmental programs and projects designed to preserve Fauquier's character, landscape and heritage.

KEY PROJECTS FOR FY 2019:

- Undertake joint planning work with the Town of Warrenton, including the integration of the town and service district land use, utilities and housing.
- Develop the Housing Chapter of the Comprehensive Plan.
- Continue the Groundwater Resources and Monitoring Program.
- Evaluate the operation of the Virginia Stormwater Management Program and undertake any necessary program modifications and adjustments to fees with the goal of a self-sustaining program.
- Continue to work with the community on unpaved roads slated to be upgraded.
- Complete the Villages Chapter of the Comprehensive Plan, including the evaluation of the surrounding rural area to define appropriate boundaries, development standards and urban design.
- Initiate the update to the Water Supply Plan as mandated by the State.
- Complete the adoption process for the Rural Lands Chapter of the Comprehensive Plan. Explore the development of a Form-Based Code for the Opal Service District.
- Complete the development of the Telecommunications Master Plan and implementing ordinance.
- Complete and adopt the update to the County's Preservation Plan.
- Continue to provide quality and timely service to our customers in the design and construction of development projects and buildings.

COMMUNITY DEVELOPMENT

- Offer regular training opportunities to administrative, professional planning, and environmental staff through webinars and other training media to improve their working skills.
- Initiate the construction of the Vint Hill Public Street Network, Phase 2 and Salem Avenue Extended.
- Continue to work incrementally on a Cemetery Identification Survey in the County.
- Continue to identify changes and improvements, and develop recommendations to improve the Zoning Ordinance, Subdivision Ordinance and Design Standards Manual.
- Complete the development and adoption of a Corridor Overlay District for the Route 29 (North) Corridor.
- Undertake a comprehensive evaluation of the Department's Fee Schedule.

KEY PROJECTS FOR FY 2020:

- Continue the Groundwater Resources and Monitoring Program. Identify and implement management and protection measures for areas defined in initial studies.
- Complete the update to the Water Supply Plan.
- Update the Land Use and Economic (and any remaining) chapters of the Comprehensive Plan and, once completed, readopt the Plan.
- Continue to implement the MS-4 and other environmental programs.
- Continue to provide quality and timely service to our customers in the design and construction of development projects and buildings.
- Offer regular training opportunities to administrative, professional planning, and environmental staff through webinars and other training media to improve their working skills.
- Complete the construction of the Vint Hill Public Street Network Phase 2 and Salem Avenue Extended.
- Initiate review and updates to the Service District Plans.
- Continue to define and implement improvements to drainage systems within the MS-4 areas.
- Continue to identify changes and improvements, and develop recommendations to improve the Zoning Ordinance, Subdivision Ordinance and Design Standards Manual.

PROGRAM 2: Planning

The Planning Division is responsible for all aspects of the County's Comprehensive Plan, and the coordination of review for current development plans requiring legislative approval. Planning supports several Boards and Commissions: the Board of Supervisors, Planning Commission, Board of Zoning Appeals, Architectural Review Board, Transportation Committee, and citizen committees appointed for updating elements of the Comprehensive Plan. Staff coordinates overall transportation planning for the County with the Virginia Department of Transportation and the County's transportation consultant. Key responsibilities in this division are:

- Coordinate, prepare, and/or participate in various Comprehensive Plan updates.
- Work on projects and activities focused on implementing Service District Plans.
- Implement the Comprehensive Plan during the development review process.
- Serve as the project manager for all development applications that require rezoning, special exception and plan amendment approval by the Planning Commission and Board of Supervisors, and special permit approval by the Board of Zoning Appeals.
- Manage the Agricultural and Forestal Districts program.
- Provide a variety of demographic information, as well as other quantitative data.
- Prepare, manage, and implement County transportation plans, programs, and grants.
- Develop and manage the County's cultural and heritage resources plans, programs, and grants.
- Develop and implement County environmental plans and programs. Manage the Water Resources Program, including groundwater monitoring, wellhead protection, water supply planning and water quality, the MS-4 (Municipal Storm Sewer) program, and improvement plans for impaired streams (in conjunction with the Department of Conservation and Recreation Total Maximum Daily Loads program).

COMMUNITY DEVELOPMENT

PROGRAM 3: Zoning and Development

Zoning and Development Services (ZDS) is responsible for all activity related to the development of land. ZDS also implements and maintains the EnerGov Permit/Project Tracking software for the Department. This division is organized into two functional groups: Zoning and Land Development.

Zoning:

Zoning administers, interprets and enforces the Zoning Ordinance, Subdivision Ordinance, Design Standards Manual, and the land use and environmental provisions of the Code of Virginia. Zoning staff also partners with other teams within Community Development for review and consideration of broader policy-related issues and plans, and prepares amendments to the Zoning and Subdivision Ordinances to implement those plans. This division provides advice and recommendations regarding land development issues to the Board of Supervisors and Planning Commission, and handles all variance requests and appeals with the Board of Zoning Appeals. Staff provides detailed information to property owners about the ability to divide and develop their properties, as well as administers an enforcement program to respond to complaints and violations of the Zoning Ordinance.

Permit Center:

Permit Center staff intakes, processes and issues all building permits and zoning permits, and assists with the processing of various other permits, including single-family land disturbing permits, administrative permits and sign permits. They are responsible for scheduling inspections of building construction and maintaining all building-related records.

Building Construction:

Building Construction staff administers, enforces and interprets the Virginia Uniform Statewide Building Code. The Building Official, Plan Reviewers, and Inspectors ensure that all residential and commercial building construction is performed in accordance with the Building Code.

¹New measure in FY 2017.

COMMUNITY DEVELOPMENT

OBJECTIVES:

- Update the Fauquier County Comprehensive Plan to complete Board of Supervisors and Planning Commission initiated projects.
- Enhance administrative processes, including building permit, construction plan, site plan and subdivision processes.
- Train all departmental staff to enhance service capabilities.
- Plan and execute all Board of Supervisors' approved improvement projects funded through cash proffers, VDOT Revenue Share Program, and the Transportation Alternatives Program (TAP).

Land Development:

The Land Development function reviews and manages all development applications and activities throughout the entire land development and construction processes. Environmental site evaluations, review of plans and land-disturbing activity are handled under this function. In addition to the elements noted below, staff conducts field inspection of construction activity, street acceptance and bond reductions, and serves as program administrator for the E&S Control and VSMP. The Environmental Staff in this Division also provides technical advice and in-field support for the MS-4 Program. The elements of the work performed by staff are:

- Evaluate land for subdivision potential and manage all subdivision application reviews.
- Manage project review of all site plans for commercial development, construction plans for residential projects and infrastructure plans.
- Ensure all conditions of preliminary plats and special exceptions are met during the plan review process and prior to bond release.
- Enforce the requirements of the VSMP, including plan review, inspections, enforcement and program management.

COMMUNITY DEVELOPMENT

- Provide technical assistance on stormwater and engineering, and inspections and water quality testing for the MS-4 Program.
- Provide environmental technical assistance and information.
- Perform E&S, VSMP facility and bond release site inspections, as well as review of VSMP as-built plans.
- Coordinate inspections with VDOT and conduct final processing associated with the State secondary street acceptance program.
- Offer Type I Soil Interpretation Program, including a Soil Map and soils analysis for requesting property owners who are developing an urban or agricultural land use plan.
- Work with the Health Department on soil and drain field issues.

COOPERATIVE EXTENSION

ORGANIZATIONAL PURPOSE:

The Virginia Cooperative Extension Office (VCE) enables people to improve their lives through an educational process that uses scientific knowledge focused on issues and needs. Building on the strength of our agriculture, natural resources, family, and community heritage, VCE enables people to shape their futures through research-based educational programs. Recognizing that knowledge is power, VCE serves people where they live and work. Audiences are involved in designing, implementing, and evaluating needs-driven programs. VCE is a dynamic organization that stimulates positive personal and societal change leading to more productive lives, families, farms, and forests, as well as a better environment in urban and rural communities.

¹ All Virginia Cooperative Extension positions are currently State-funded positions, with the exception of one part-time Administrative Associate, which is a County position.

GOALS:

- Actively involve local citizens with the determination and implementation of educational programs for local needs in the areas of agriculture, 4-H youth development, family and human development, home and commercial horticulture, and food safety and nutrition.
- Provide citizen access to education and program resources of the land grant university system.
- Increase scope and quality of educational resources available by harnessing new and emerging technologies.
- Expand on public speaking and leadership opportunities for 4-H youth.

COOPERATIVE EXTENSION

KEY PROJECTS FOR FY 2019:

- Start a 4-H robotics club
- Present Beef 20/20 Seminars
- Expand Horticulture Dayz to provide CEU's to those in commercial Horticulture Field.
- Begin Fauquier Education Farm Incubator program.
- Start Food Service Job Skill Training Program.
- Partner with *Fauquier Times* for Fauquier Agriculture Magazine.

KEY PROJECTS FOR FY 2020:

- Increase hay production in county through marketing and education programs, i.e. Hay showcase.
- Increase milo production.
- Expand producer programs on alcohol raw ingredients, such as hops, malting barley, cider, etc.

BUDGET ANALYSIS:

The FY 2019-FY 2020 Proposed Budget for Economic Development includes personnel expenditure increases due to changes in benefit costs, as well as personnel expenditure increases related to the establishment of a Marketing Coordinator, allocated equally to Agricultural Development and Economic Development. In addition, operating expenditures include increases in marketing, as well as business incubator rental costs and MEC contractual costs with George Mason University. Business incubator revenues have been adjusted to more accurately reflect current operations and future projections.

PROGRAM 1: *Business Retention/Business Development*

The Business Retention/Business Development program encompasses both the retention and expansion of existing businesses in the County and marketing to encourage new businesses to locate in the County. Nationally, more than 80% of all new local tax revenue and job growth come from expansion of the local, existing business base. New business development provides the opportunity for economic growth from companies wishing to relocate from sites outside of the County. Initiatives undertaken by this program include:

- Implement the Economic Development Strategy by adding additional jobs and expansion of the tax base.
- Support the Business Incubator/Accelerator programs through partnership with George Mason University for the Warrenton facility. Continue the County-operated Business Enterprise Centers, providing resources and counseling to entrepreneurs in Marshall and the Vint Hill area.
- Expand relationship with Virginia Economic Development Partnership, Regional Economic Development Partners, and other Local and State agencies to enhance exposure of Fauquier County.
- Assess and address County infrastructure needs and identify funding sources for shovel ready sites.
- Administer, build, and enhance Targeted Business Review Program by establishing protocol and business incentives guidelines.

ECONOMIC DEVELOPMENT

- Partner with Fauquier Chamber of Commerce, Southern Fauquier Business Owners Association, and Marshall Business and Residents Association on networking, educational events, and workshops.
- Work with local colleges, universities, the School Division, and the Human Resources department to address workforce needs in Fauquier County.
- Strengthen the County's relationship with Washington China Chamber of Commerce delegation on new investment opportunities.
- Promote the County's local incentive zones, including Tourism, Technology, Defense Industry, and Green Development Zones.
- Partner with the Fauquier County Economic Development Authority, local banks, and Virginia Small Business Financing Authority.
- Assist businesses with strategic site location and identify local permitting requirements and regulations. Partner with Community Development on expedited review of commercial and industrial projects.
- Expand commercial and industrial property listings on Virginia Scan through Realtor outreach program to maintain awareness of available properties.
- Administer microloan program along with local banking partners.
- Develop and expand Workforce Development program and initiatives by coordinating with employers on specific training courses and certifications.
- Expand services to local veterans.
- Provide Economic Development Training for Board of Supervisors, Planning Commission and Economic Development Authority.
- Provide statistical support through economic and demographic profile data.
- Attend Virginia Economic Development Association and International Economic Development Council events to continue to market Fauquier County.
- Promote business development at local, regional, state, and national events.

PROGRAM 2: *Tourism*

This program assists local tourism/travel trade businesses and promotes attractions in the County through the marketing of travel-related events, grant development, and related activities. Tourism also encourages cross-marketing among tourism-related businesses. Initiatives undertaken by this department include:

- Coordinate and design print and online advertisements for Fauquier Tourism and Fauquier Business along with other promotional efforts like social media and e-newsletters.
- Maintain the county tourism website, VisitFauquier.com, and business website, FauquierBusiness.com.
- Maintain the Fauquier Enterprise Center website pages on FauquierBusiness.com.
- Plan promotional events for business and tourism, including the Annual Fauquier County Wine Tasting & Competition event in February, and a presence at the International Gold Cup event in October.
- Coordinate and maintain the America's Wine Country regional partnership and its marketing efforts, including the AmericasWineCountry.com website and Facebook page.
- Administer the America's Wine Country initiative, including the leveraging of grant funds and regional contributions.
- Work with the Rappahannock-Rapidan Regional Commission's Regional Tourism Committee (with five participating counties Fauquier, Rappahannock, Culpeper, Orange, and Madison) on regional tourism initiatives, including application for grant funding to build upon and promote the *'Tween Rivers Agri-Artisan Trail*.
- Maintain brochure distribution of county brochures to potential visitors.
- Work with tourism businesses to help in promoting their services and events.
- Administer the Tourism Matching Grant Program.
- Work on development of the *Washington's Backyard* Artisan Trail through the Artisan Center of Virginia, in cooperation with Stafford and Prince William Counties.
- Work with industry organizations including the Virginia Tourism Corporation, local Chambers, International Economic Development Council, Journey Through Hallowed Ground, and the Shenandoah National Park Regional Committee.

ECONOMIC DEVELOPMENT

- Develop new print materials for the department, including *Towns Brochures* for The Plains, Marshall and Remington.
- Maintain the new Fauquier Tourism App.
- Work on development of 30 second tourism sector videos.
- Work with GIS on Story Maps for use in tourism promotion.
- Work with local wineries on branding for the Wine Trail.
- Provide support for development of an Equestrian Quarantine Facility at Dulles.
- Provide support in marketing the Fauquier Enterprise Centers as needed.
- Provide support for the Green Development initiative as requested by Director.

JOHN MARSHALL SOIL AND WATER CONSERVATION DISTRICT

ORGANIZATIONAL PURPOSE:

The John Marshall Soil & Water Conservation District (JMSWCD) provides leadership, technical assistance, and education to the citizens of Fauquier County in proper soil stewardship and water quality protection to ensure the wise use of the County's natural resources. The JMSWCD administers the Virginia Agricultural Cost Share Program which is a primary means to reduce non-point source pollution on agricultural lands in Fauquier County.

GOALS:

- Administer the Virginia Agricultural Cost-Share and Tax Credit Programs to reduce non-point source pollution on farmland.
- Provide land users with technical assistance and incentives to implement conservation practices that improve water quality and protect soil resources in the Rappahannock and Potomac Watersheds.
- Strive to achieve the goals of the Chesapeake Bay Agreement and the Bay Total Maximum Daily Load (TMDL) in partnership with the Commonwealth of Virginia.
- Administer specific components (agriculture and residential) of the Goose Creek TMDL Implementation Plan.
- Provide educational programs for schools, civic organizations, and the general public concerning the protection of our soil and water resources.
- Provide technical assistance to Natural Resources Conservation Service (NRCS) in the implementation of various Federal conservation programs.
- Improve water quality, reduce soil loss, and enhance wildlife habitat through the installation of riparian forested buffers along streams in Fauquier County.

KEY PROJECTS FOR FY 2019 AND 2020:

- Continue to implement Agricultural Best Management Practices (BMPs) to reduce non-point source pollution entering the Chesapeake Bay through the implementation of the Virginia Agricultural Cost-Share and Tax Credit Programs.
- Support and assist NRCS with the implementation of federal conservation programs such as the Environmental Quality Incentives Program and the Conservation Reserve Enhancement Program.
- Present environmental education programs for K-12 students and community groups. Topics to include non-point source pollution, soil erosion, and water quality monitoring. Learning activities include Conservation Field Day Programs and student water quality monitoring projects.
- Implement the Agricultural TMDL Plan for Goose Creek by directing resources at those problems contributing to non-point source pollution.
- Serve as a Technical Advisory Review Committee for farms that request Resource Management Plans.
- Conduct riparian buffer restoration projects throughout the County.
- Conduct voluntary Agricultural Best Management Practice verifications to support the advancement of Virginia's Watershed Implementation Plan.

BUDGET ANALYSIS:

The FY 2019-FY 2020 Proposed Budget for the John Marshall Soil and Water Conservation District includes increases in accordance with the organization's jurisdictional funding formula, as well as the removal of one-time funding in FY 2018 for the purchase of a vehicle.

PROGRAM 1: *Agricultural BMP Cost-Share Programs*

- Provide technical assistance and/or cost-share to farmers and landowners in the design, installation, and implementation of Best Management Practices (BMPs) in Fauquier County to reduce and maintain non-point source pollution levels as required by the Chesapeake Bay Agreement and Tributary Strategies.
- Since 1985 and through June 2017, the John Marshall District has provided landowners in Fauquier County with \$9,498,683.05 to install BMPs that improve surface water quality. In FY 2017, under the VACS Program 198,710 linear feet of stream bank was protected and 2,913 acres were placed under conservation treatment. Through various TMDL Implementation Plans, we have provided landowners with \$1,923,751.75 to install conservation practices since 2006. These are voluntary programs funded through the Virginia Agricultural Cost-Share and TMDL Programs administered by the District.
- Implement the TMDL Plan to address water quality impairments in Goose Creek watershed.
- The JMSWCD Technical Review Committee will assess Resource Management Plans in collaboration with the Department of Conservation & Recreation. These plans, once fully implemented, will provide farmers a "safe harbor" from new state regulations for a period of nine years. Resource Management Plans will be regularly spot checked by District personnel.
- Provide technical assistance to NRCS to implement Farm Bill Conservation Programs.

PLANNING COMMISSION – BOARD OF ZONING APPEALS – ARCHITECTURAL REVIEW BOARD

ORGANIZATIONAL PURPOSE:

The Code of Virginia requires the County to have a Planning Commission and Board of Zoning Appeals (BZA). The Code also allows for the establishment of an Architectural Review Board (ARB).

- The five-member Planning Commission reviews proposed text amendments to the Subdivision and Zoning Ordinances and Comprehensive Plan, as well as rezoning, special exceptions and other waiver applications, and provides recommendations to the Board of Supervisors. The Planning Commission reviews and approves preliminary subdivision applications. Additional key responsibilities include periodic review and revision of the County's Comprehensive Plan, Design Standards Manual, other associated land development regulations, and the Six-Year Capital Improvement Program.
- The Board of Zoning Appeals is a quasi-judicial body, consisting of five members appointed by the Circuit Court. The BZA considers and acts upon appeals regarding Zoning Administrator decisions, as well as applications for interpretation of the Zoning Map where uncertainty exists. It conducts public hearings, and acts upon special permits, appeals, variances and related requests.
- The seven-member Architectural Review Board is appointed by the Board of Supervisors to identify, protect and educate the community on the County's historic and cultural resources in a proactive, non-regulatory manner. The ARB undertakes projects related to documentation of historic resources, recognition and enhancement of rural and village historic districts, battlefield protection, and approaches to maintaining Fauquier County's architectural character. The ARB also serves as the County clearinghouse on historic issues, and provides educational materials and workshops regarding County-wide historic resources.
